Junior Volleyball Game Day Information

- Net heights: 2.00m for Under 13 and 2.24m for Under 16.
- Volleyballs are 30% lighter (same size as adults).
- Ball control rules will be slightly relaxed for open hand carries and double hits.
- Serving is allowed from inside the baseline.
- The volleyball can touch any part of the body, but serving must be done by hand.
- Net touches are not allowed during a rally.
- Players are not allowed to cross over the center line under the net during a rally.
- Games will end at the completion of the final rally. If the siren sounds during a rally, teams will continue to play until the point is won.
- Games are best of 5 sets (or first to 3 sets). If 5 sets are not completed, then the team that wins the most sets wins the game. The game is a draw when teams have won equal sets.
- To win a set, teams must score 25+ points with a 2 point advantage (sets 1 to 4). Or have scored 15+ points with a 2 point advantage when the siren sounds to end the match and the final rally is completed (sets are 'live' after 15+ points).
- The 5th set is played to 15+ points with a 2 point advantage.
- If the game finishes before the 50 minute time limit, teams may continue to play/practice.
- All players must perform at least one awesome spike during their game! 😊
